NEWS -- Office of Supervisor Mike Antonovich

For release June 17, subject to Board approval of Agenda Item 95
(Project I.D. No. RMD1547012)

SAN GABRIEL, GLENDALE, ARCADIA, ALTADENA, AND LA CANADA FLINTRIDGE STREETS TO BE SLURRY SEALED

Los Angeles County Supervisor Mike Antonovich announced Board approval of a \$1,388,871 contract with Sudhakar Company International, of Rialto, to slurry seal and cape seal various County streets in the vicinities of San Gabriel, Glendale, Arcadia, Altadena, and La Canada Flintridge. Slurry seal is a mixture of asphalt and sand applied to existing pavement to seal minor cracks and extend the life of the roadway. This project is part of Public Works' ongoing highway construction and maintenance program.

The County Department of Public Works received four bids on a contract to perform the work, the highest bid being \$1,785,405.

Work is expected to take 100 working days, with an estimated start in July and completion in December. Once work begins, Ramsdell Avenue, La Crescenta Avenue, and Rosemont Avenue may be reduced to one traffic lane for both directions, controlled by flaggers, during daylight working hours. All other project streets may be closed to through traffic during daylight working hours. Local access will be maintained at all times.
